Dear Friends and Fellow Citizens,

I would like to commend the good work of the Fire Museum Board of Directors as they build public awareness and support for the Fire Museum and Fallen Firefighter's Memorial planned for construction at Allaire State Park.

Although our state faces financial challenges, the museum and memorial project remains a very worthy cause. It will provide New Jersey's citizens with a unique asset to educate our children to be fire-safe, preserve the wonderful spirit and heritage of firefighting, and honor the sacrifice of our fallen firefighter heroes.

The Volunteer and Memorial Committees offer a range of memberships for individuals, families and fire departments. They also offer Memorial pavers to directly benefit the Fallen Firefighter memorial. These opportunities enable every citizen to participate in the project. I encourage you to help bring this wonderful project to fruition.

For more information please contact Chairman Irven Miller at (732) 222-5783 or President Don Mulligan at (732) 539-0168.

The Honorable Thomas H. Kean  
Governor State of New Jersey 1982 - 1990  
Chairman, Honorary Board of Directors  
NJ Fire Museum & Fallen Firefighter Memorial

*Affiliated with the New Jersey Fire Engine & Equipment Museum at Allaire Inc,  
a 501 C 3 New Jersey non-profit corporation.  
Allaire State Park is the planned site of the Museum and Memorial*
